EDUCATION

Mindoro State University

Calapan, Oriental Mindoro, PH

Bachelor of Science in Information Technology

Jun 2026

- Cum Laude
- Relevant Coursework: Software Engineering, Web Development, Database Systems, Human-Computer Interaction, Systems Analysis & Design, Systems Integration and Architecture, Object-Oriented Programming, Data Structures & Algorithms, Operating Systems, Multimedia System
- Capstone Role: Technical Writer · UI/UX Designer · QA Analyst

WORK EXPERIENCE

New San Jose Builders Inc.

Quezon City, PH

Software Developer Intern | QA Specialist | Technical Writer

Feb 2026 – May 2026

- Part of the Developer Team, where each member independently developed their own system and focused on QA testing responsibilities across multiple internal software systems.
- Identified, documented, and reported software defects; verified bug fixes and validated system functionality to ensure stable, production-ready releases.
- Authored user manuals and test case documentation for internal and client-facing deliverables.
- Collaborated with development teams during sprint reviews to ensure quality requirements were met before releases.

UNIVERSITY PROJECTS

RM'S AI Inventory & E-Commerce System – Capstone Project

2025

Technical Writer · UI/UX Designer · QA Analyst · Administrator

- Led UI/UX design drafting for an AI-powered inventory and e-commerce platform built with Node.js, producing wireframes and prototypes in Figma.
- Authored comprehensive technical documentation including system manuals, test cases, and functional specifications.
- Executed quality assurance testing covering end-to-end workflows, reported and tracked bugs, and validated AI-driven classification features.
- Administered platform accounts, access permissions, and system configuration.

ILoveMilktea E-Commerce Kiosk

2024

Developer · UI/UX Designer · QA Analyst · Administrator

- Designed and developed the full UI/UX for a milktea kiosk ordering and e-commerce platform using Node.js, from initial wireframes to pixel-perfect final screens.
- Implemented branding assets, visual design system, and interactive prototypes in Figma and Canva.
- Administered the platform post-launch, managing product listings, orders, and site content.

PanChitan ni Unchang — Wix (CRM) E-Commerce

2024

Developer · UI/UX Designer · QA Analyst · Technical Writer · Administrator

- Designed and built a Wix CMS-based online ordering platform for a local Filipino restaurant, integrating PayPal as the payment gateway for seamless customer transactions.
- Produced UI/UX designs, branding assets, and full site layout using Wix's visual editor; authored technical documentation covering system setup and user workflows.
- Administered the Wix CMS and PayPal integration, managing site content and orders.

MinSU VAS — Venue Appointment System

2024

Developer · UI/UX Designer · QA Analyst · Administrator

- Designed and partially developed a web-based venue appointment system for Mindoro State University, producing 7+ fully designed screens covering booking, scheduling, and admin flows.
- Administered system configuration and user access settings.

ACTIVITIES

Film Production

2023 – Present

Director, Editor & Videographer

- Directed, shot, and edited "Alpas" — a short film exploring a young woman's resilience; produced both a feature cut and a standalone trailer, published on YouTube.
- Directed, shot, and edited "On the Move With Aling Lorena" — a documentary profiling a long-tenured female vendor at Calapan City's public market.
- Applied cinematography, storytelling, and post-production editing skills that directly inform visual composition and user empathy in UI/UX design work.

ADDITIONAL

Technical Skills: UI/UX Design, QA Testing, Test Case Creation, Bug Reporting, Technical Documentation; Proficient in JavaScript, PHP, HTML/CSS, SQL, WordPress, Wix; Experienced with User Research, End-User Training, Design Systems.

Design Tools: Canva (graphic design, branding & visual content production) · CapCut (video editing & short-form content creation)

Certifications & Training: Fortinet Certified Associate in Cybersecurity · Fortinet Certified Fundamentals in Cybersecurity · Certificate in Microsoft Data Analytics · CodeChum Python Programming 2.

Professional Strengths: Detail-Oriented · Documentation-Driven · Collaborative · Iterative Design Thinker · Strong Client Communication · Project Management.

Tech Interests: UI/UX Research, Design Systems, Accessibility, Human-Computer Interaction (HCI), QA Automation, Software Testing, Bug Tracking, Frontend Development, Responsive Design.
