

HAPPY BIRTHDAY

Mi

LOVE

endlessly grateful
for the gift
of your existence,
my bowie

of everything life has brought my way, loving you is a
part of me i'd never trade for anything.

to know you deeply is truly a privilege,

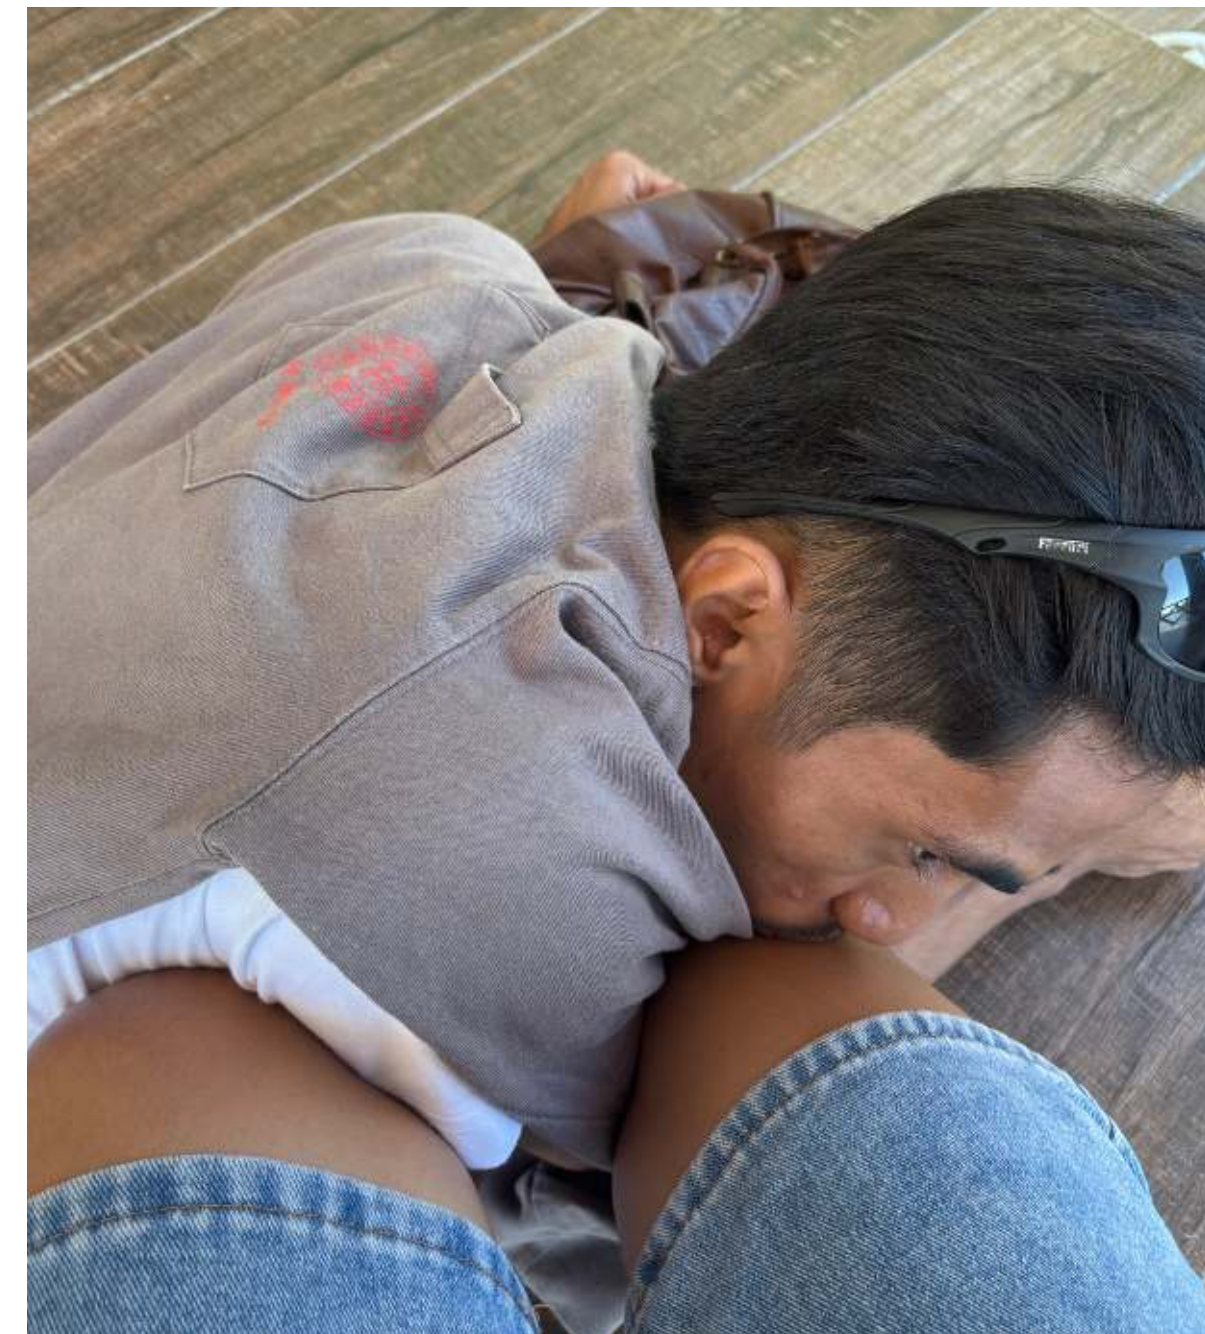

and to witness the person you continue to
become is an even greater one.

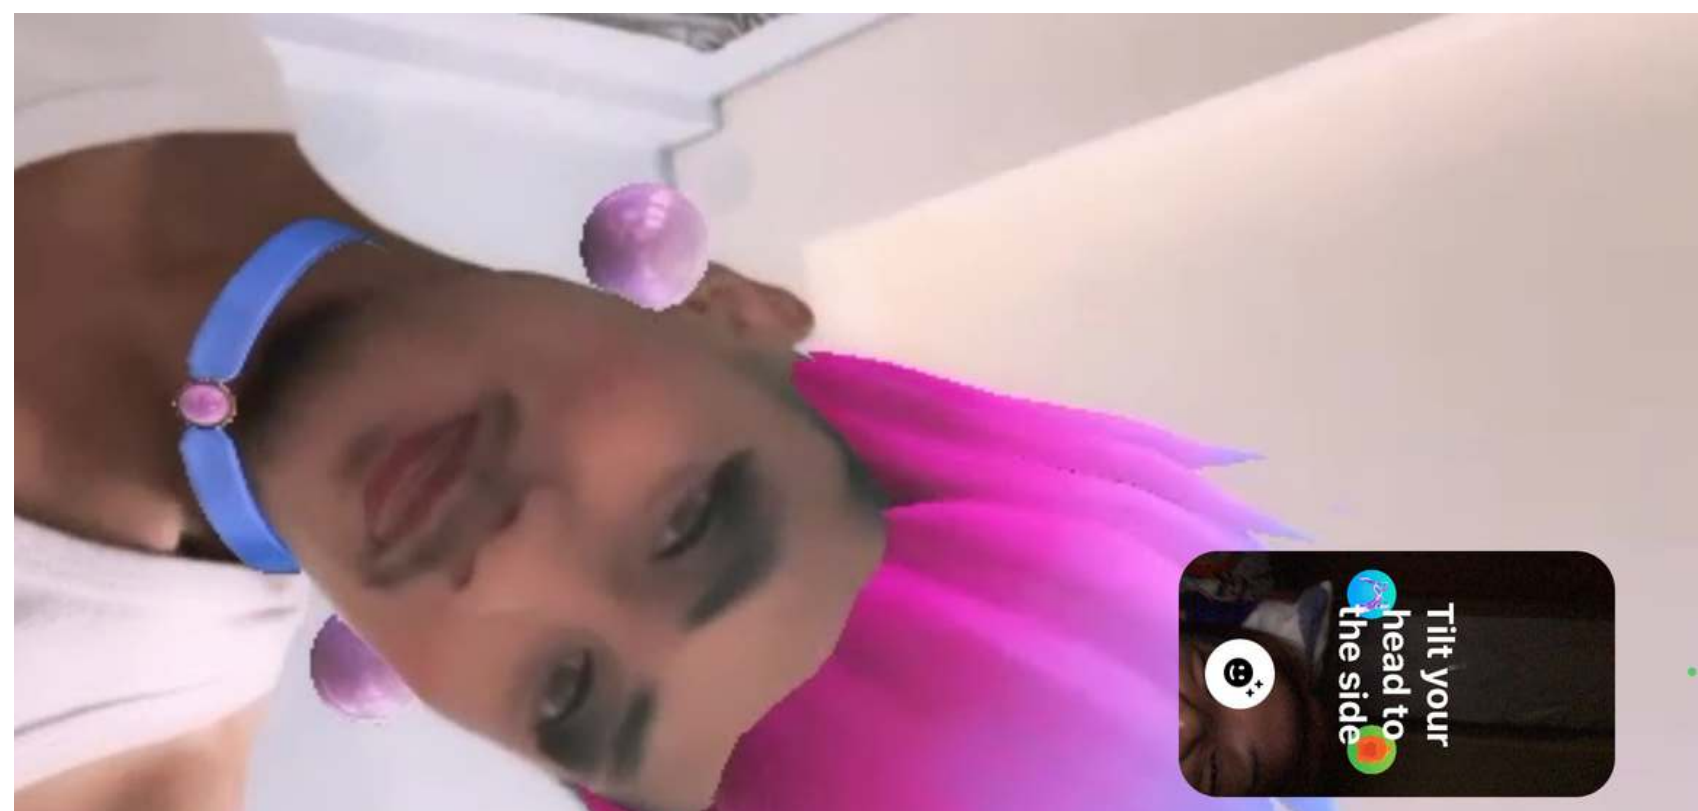

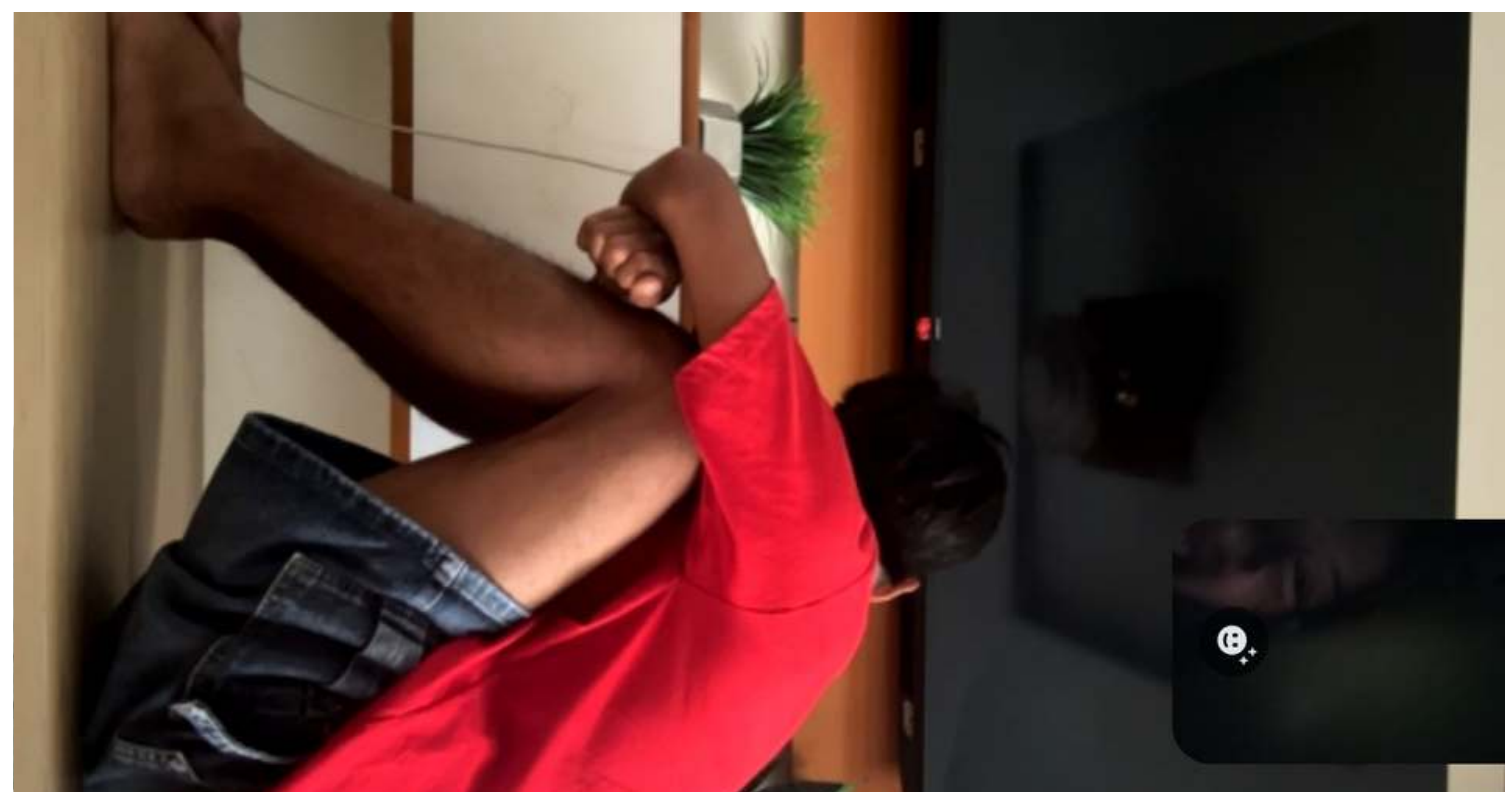

TO KNOW YOU AS SOMEONE WHO'S:

sweet and
loving

ridiculously
witty and
FUNNY af

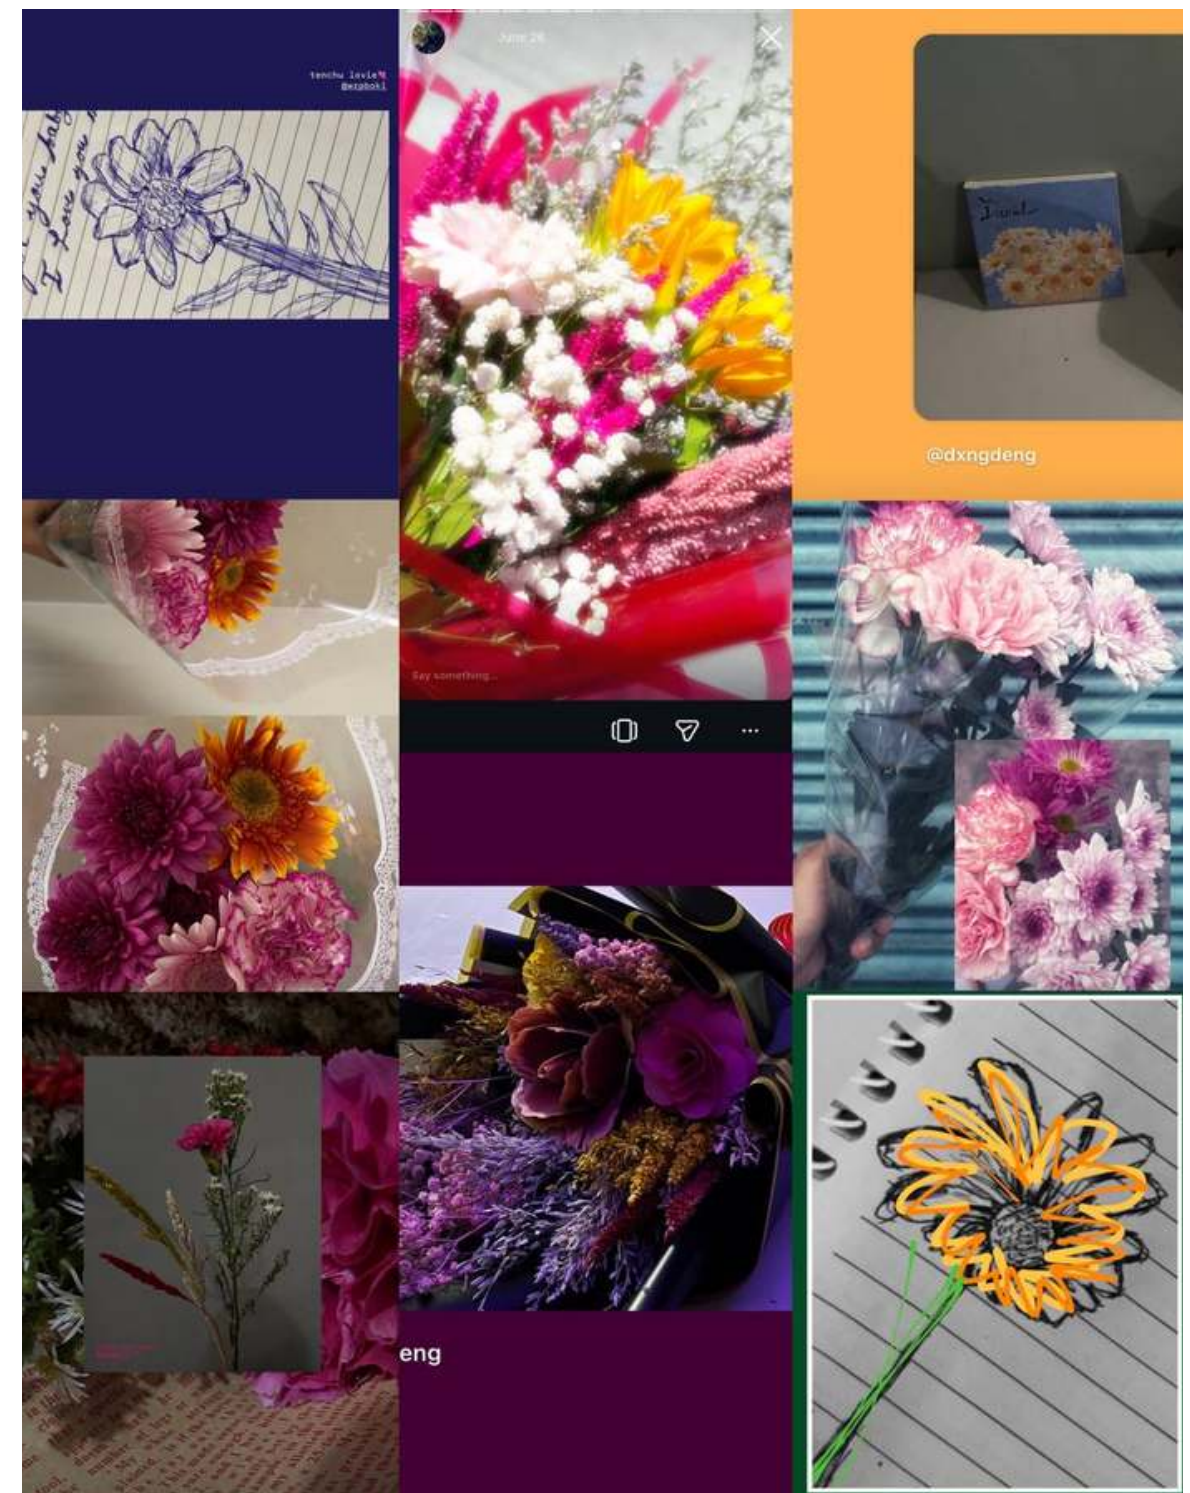

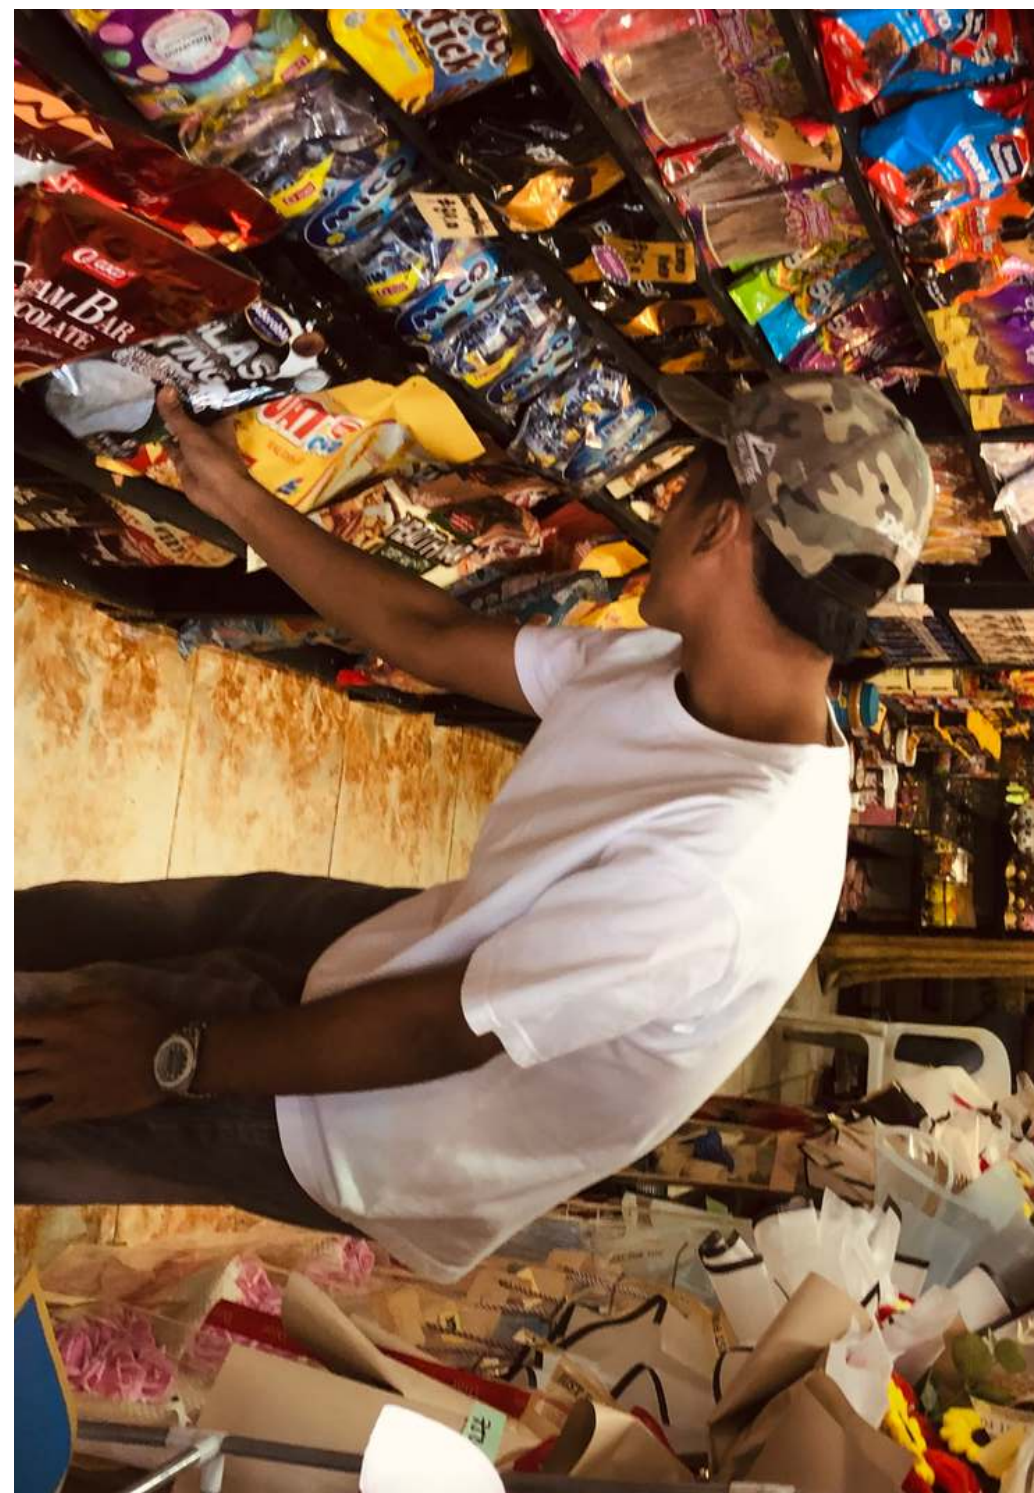

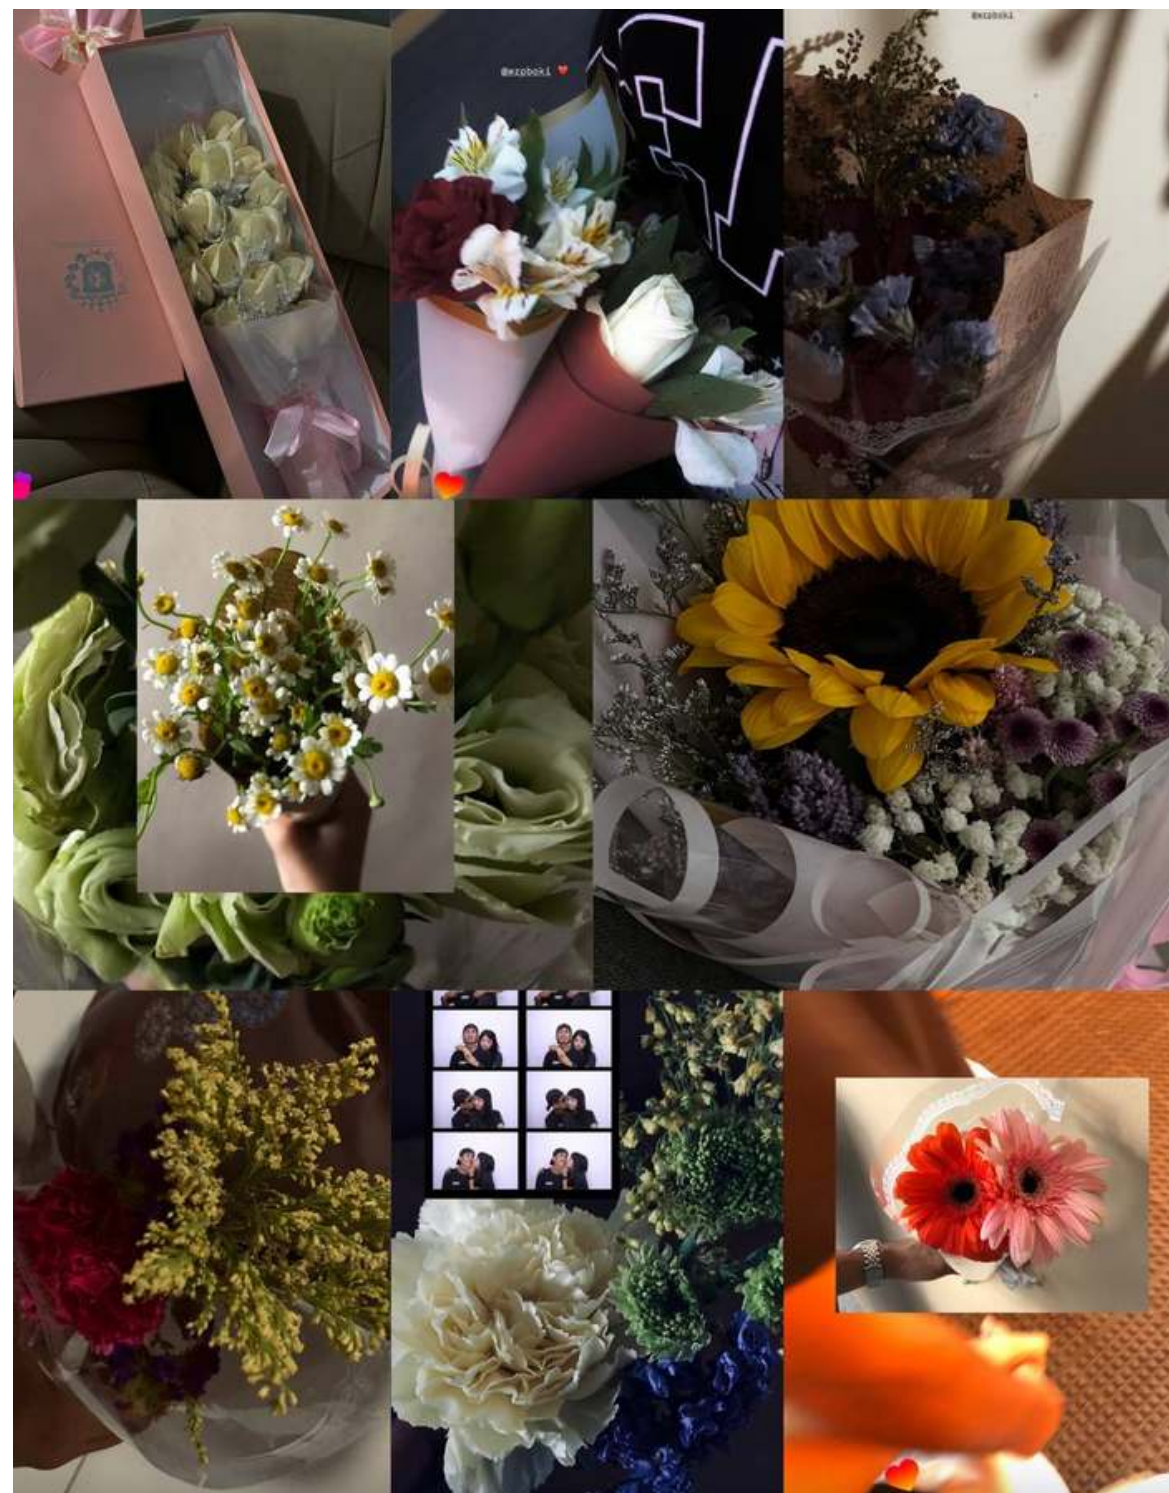

understanding
and patient

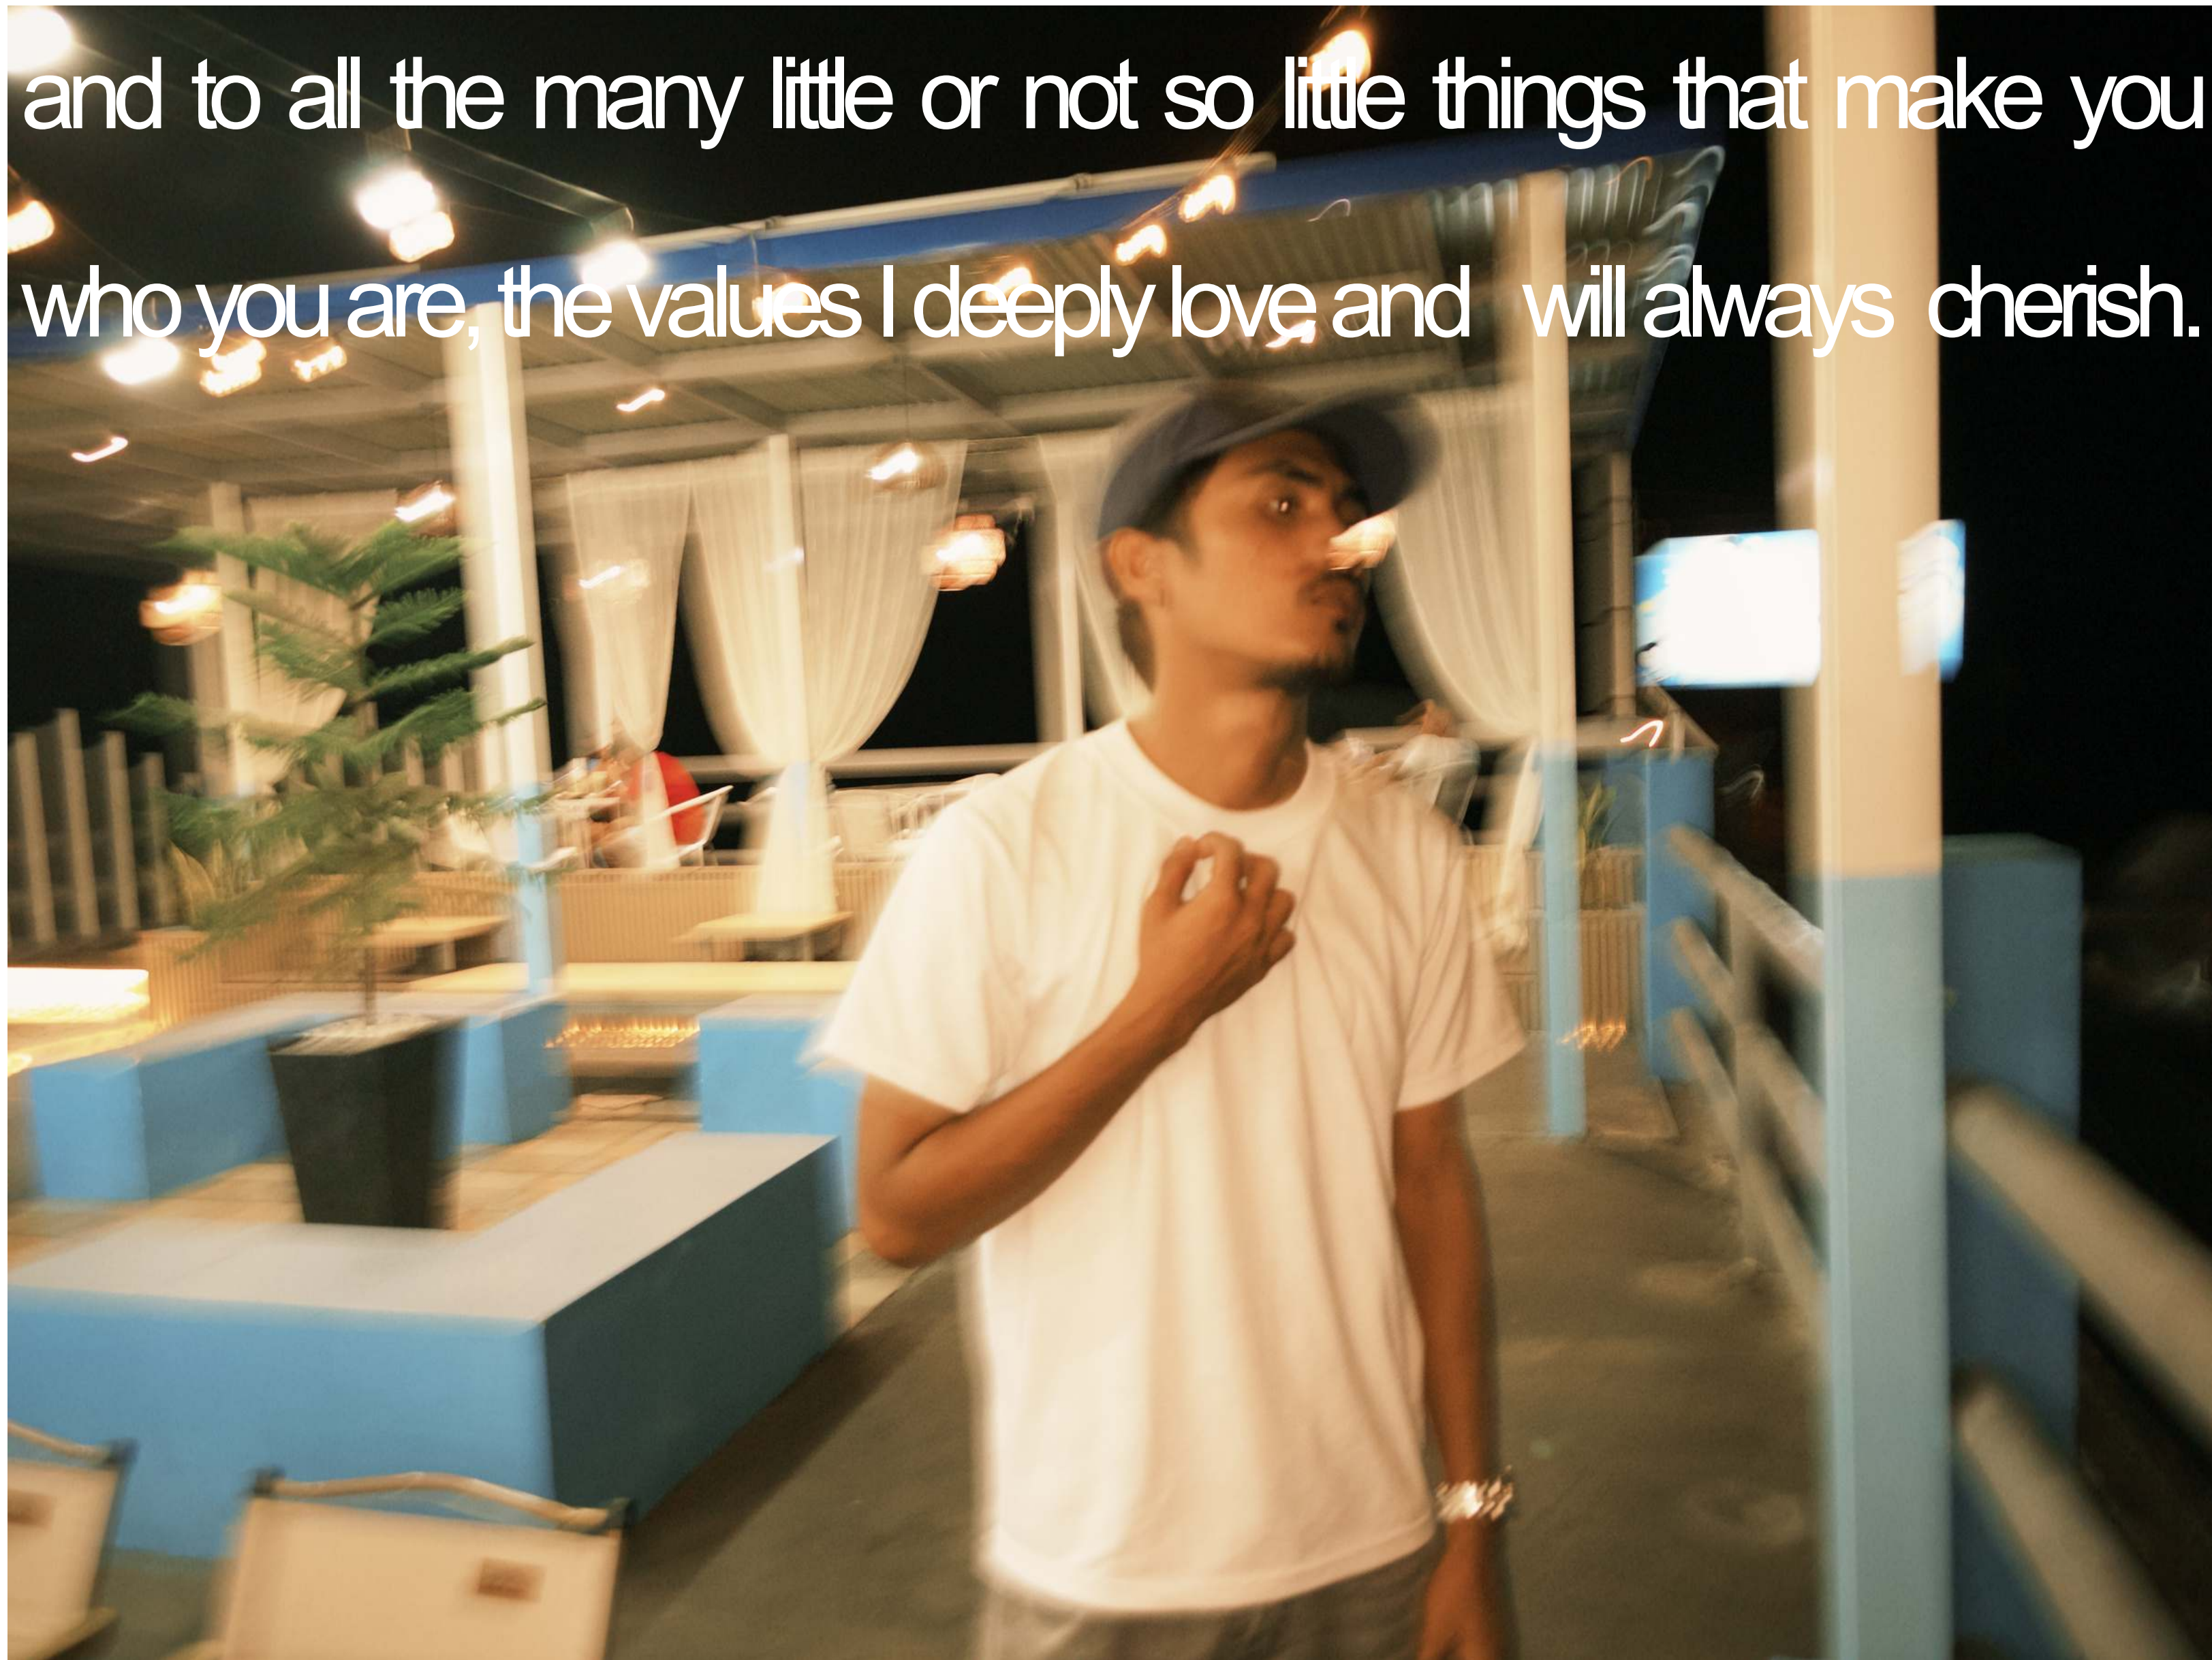

generous

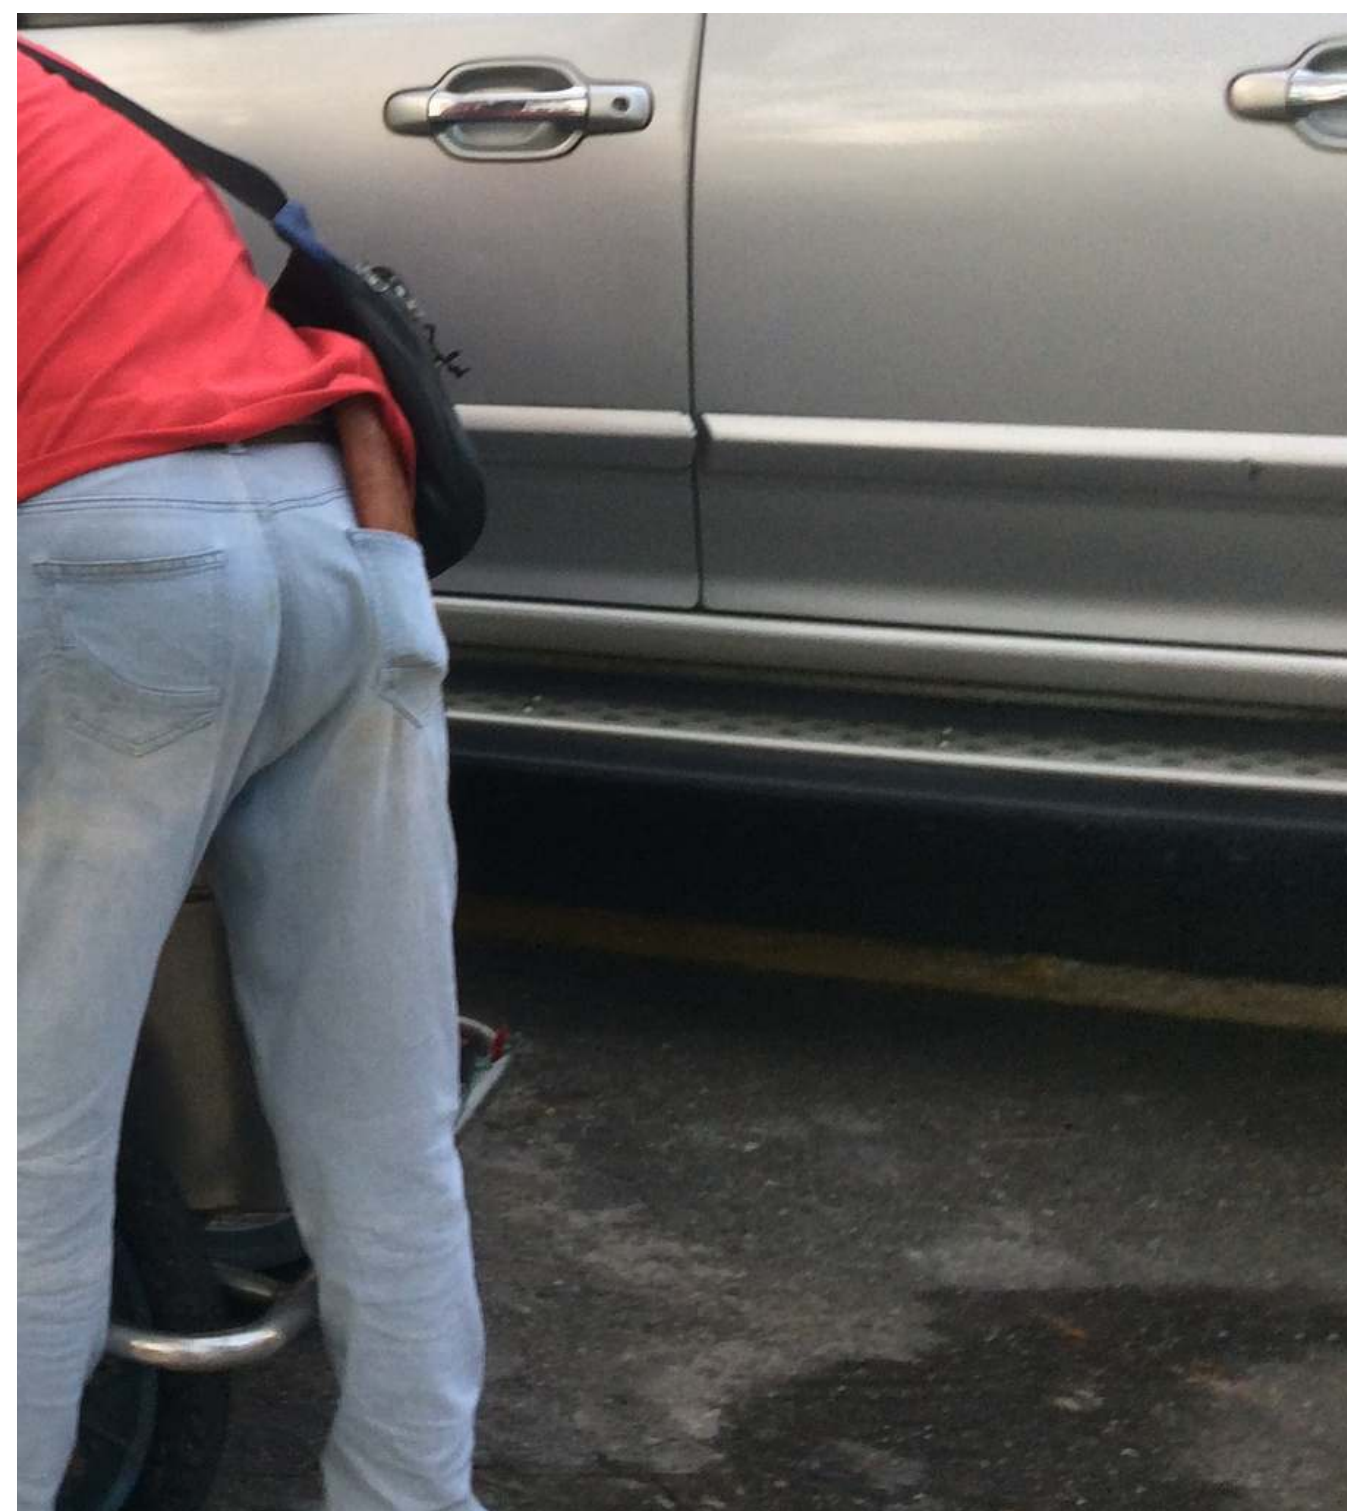

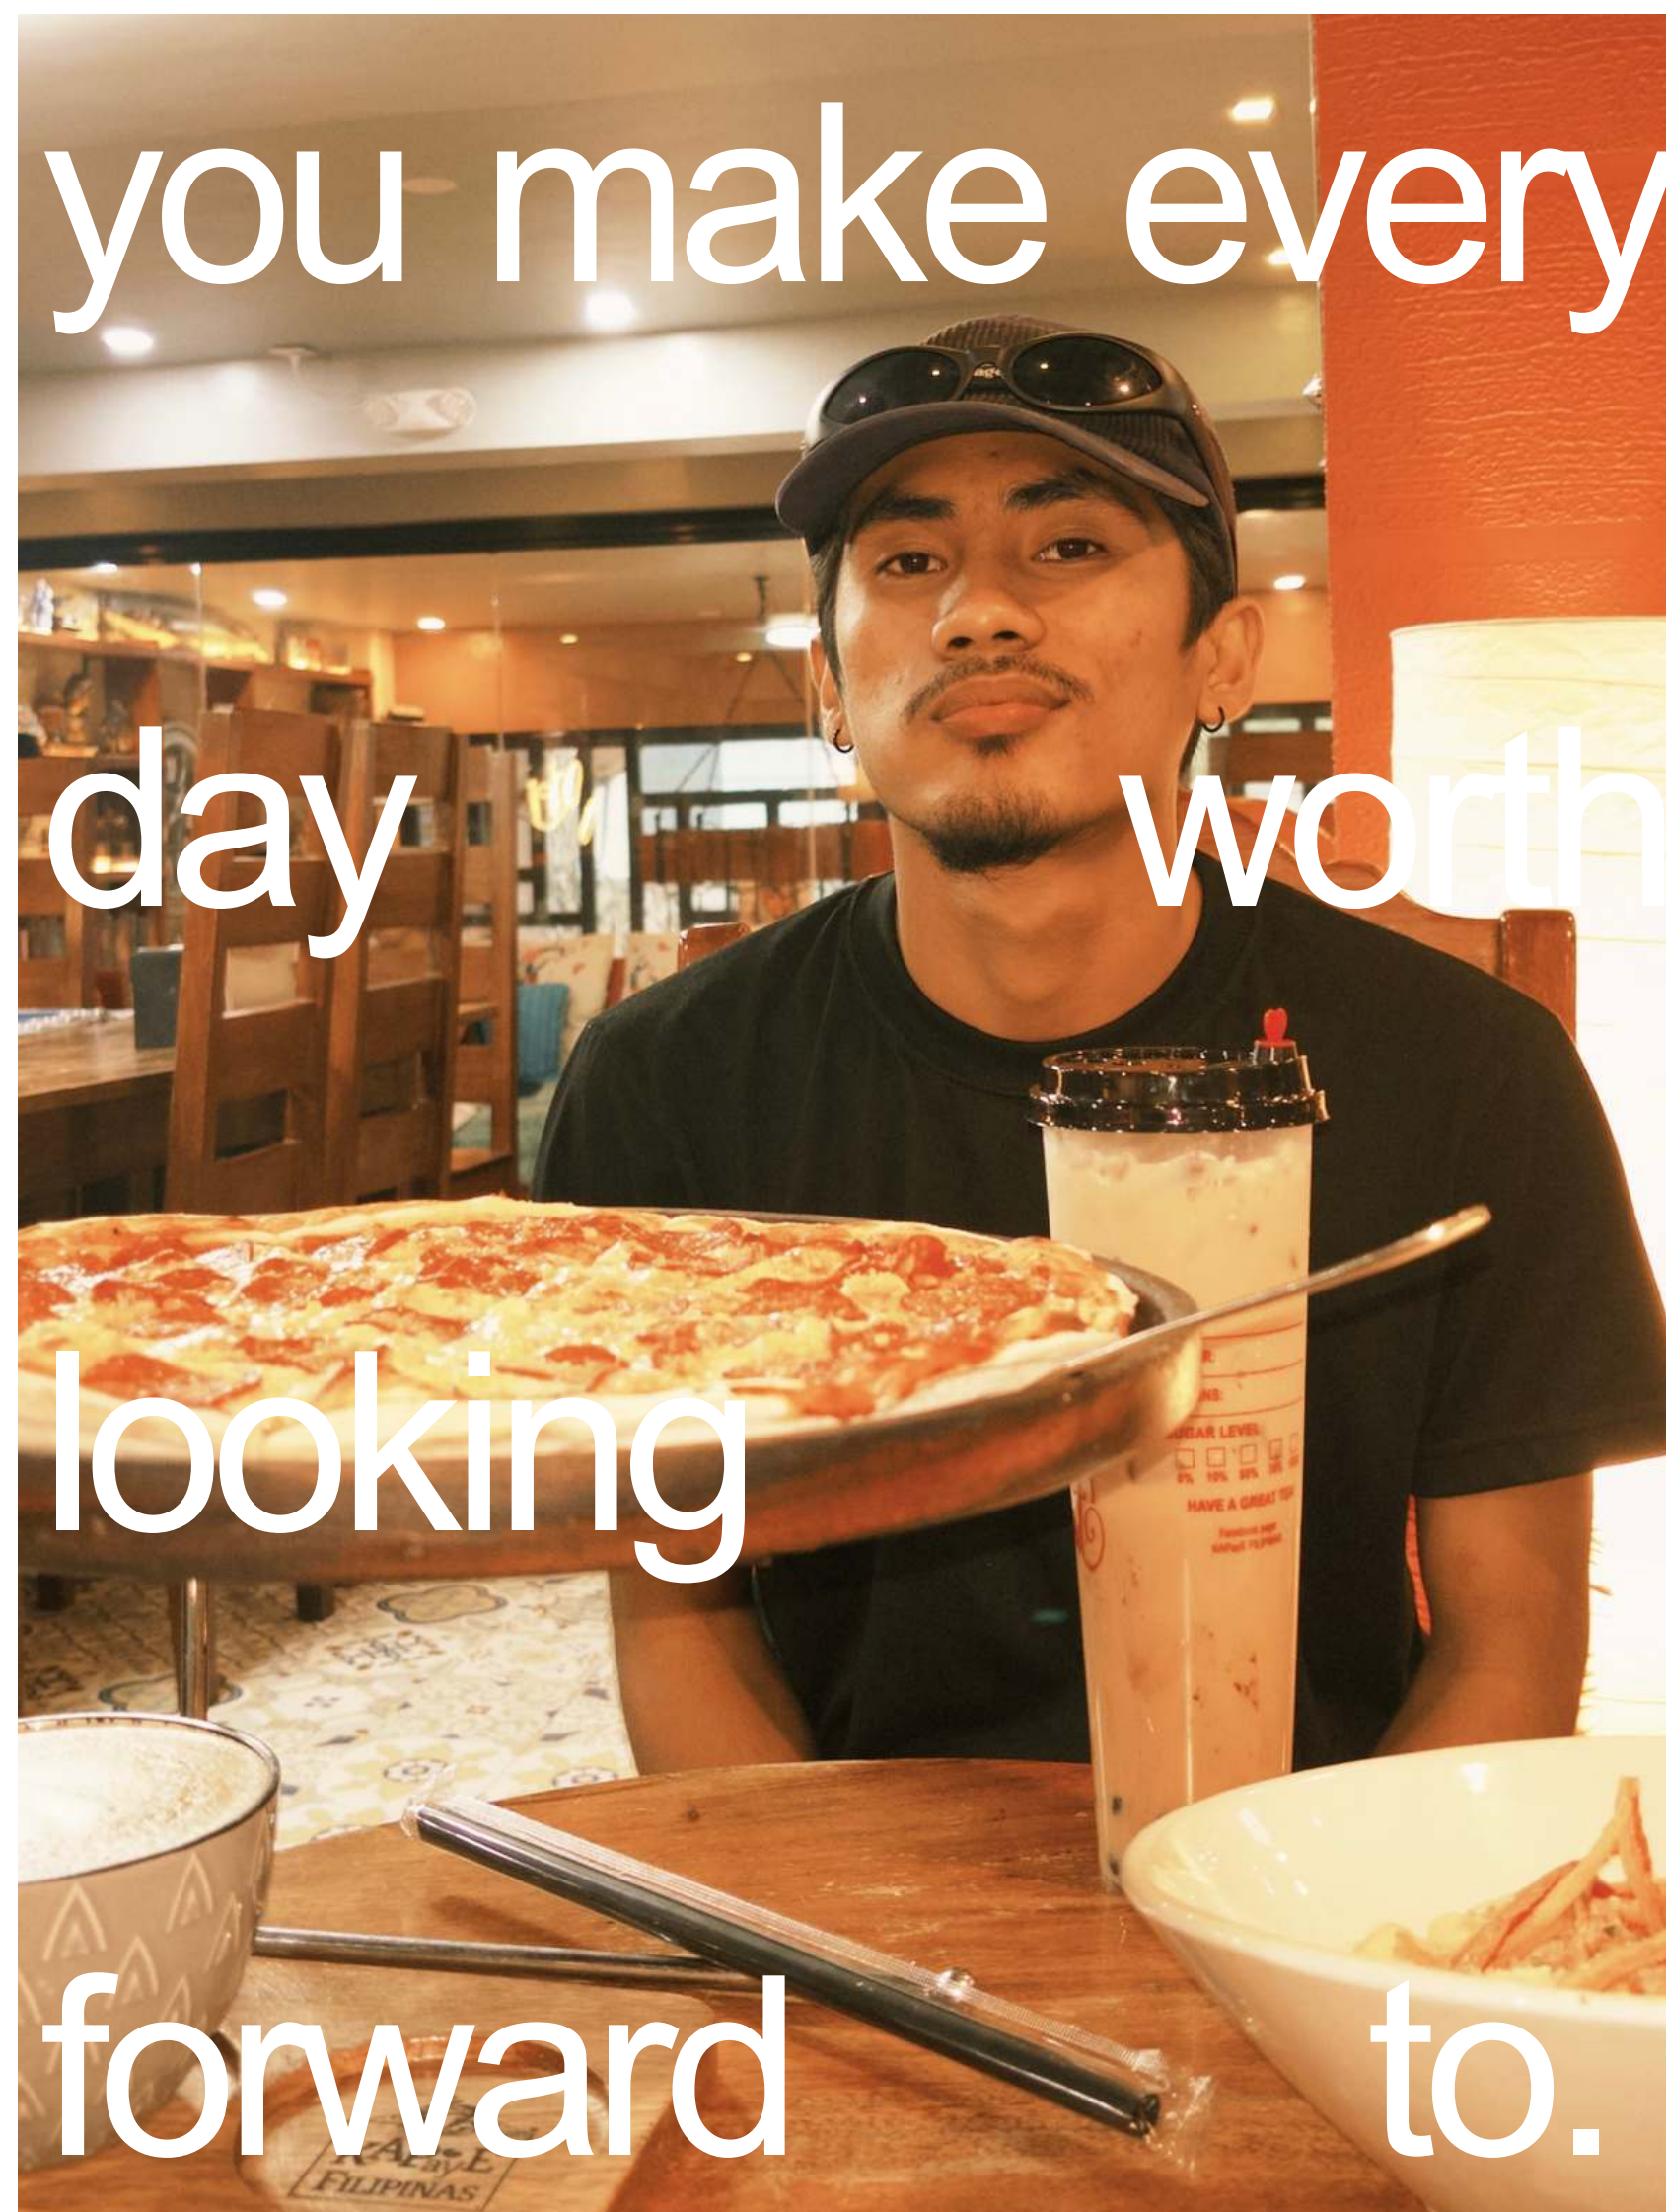

and to all the many little or not so little things that make you
who you are, the values I deeply love and will always cherish.

being loved by
you makes me
want to grow in
ways i never
thought to.

you make every
day worth
looking
forward to.

today, i'll make
sure you
have the best
one yet.

you are deeply valued, not only by me, but by
the people whose lives you've quietly made
better just by being in them.

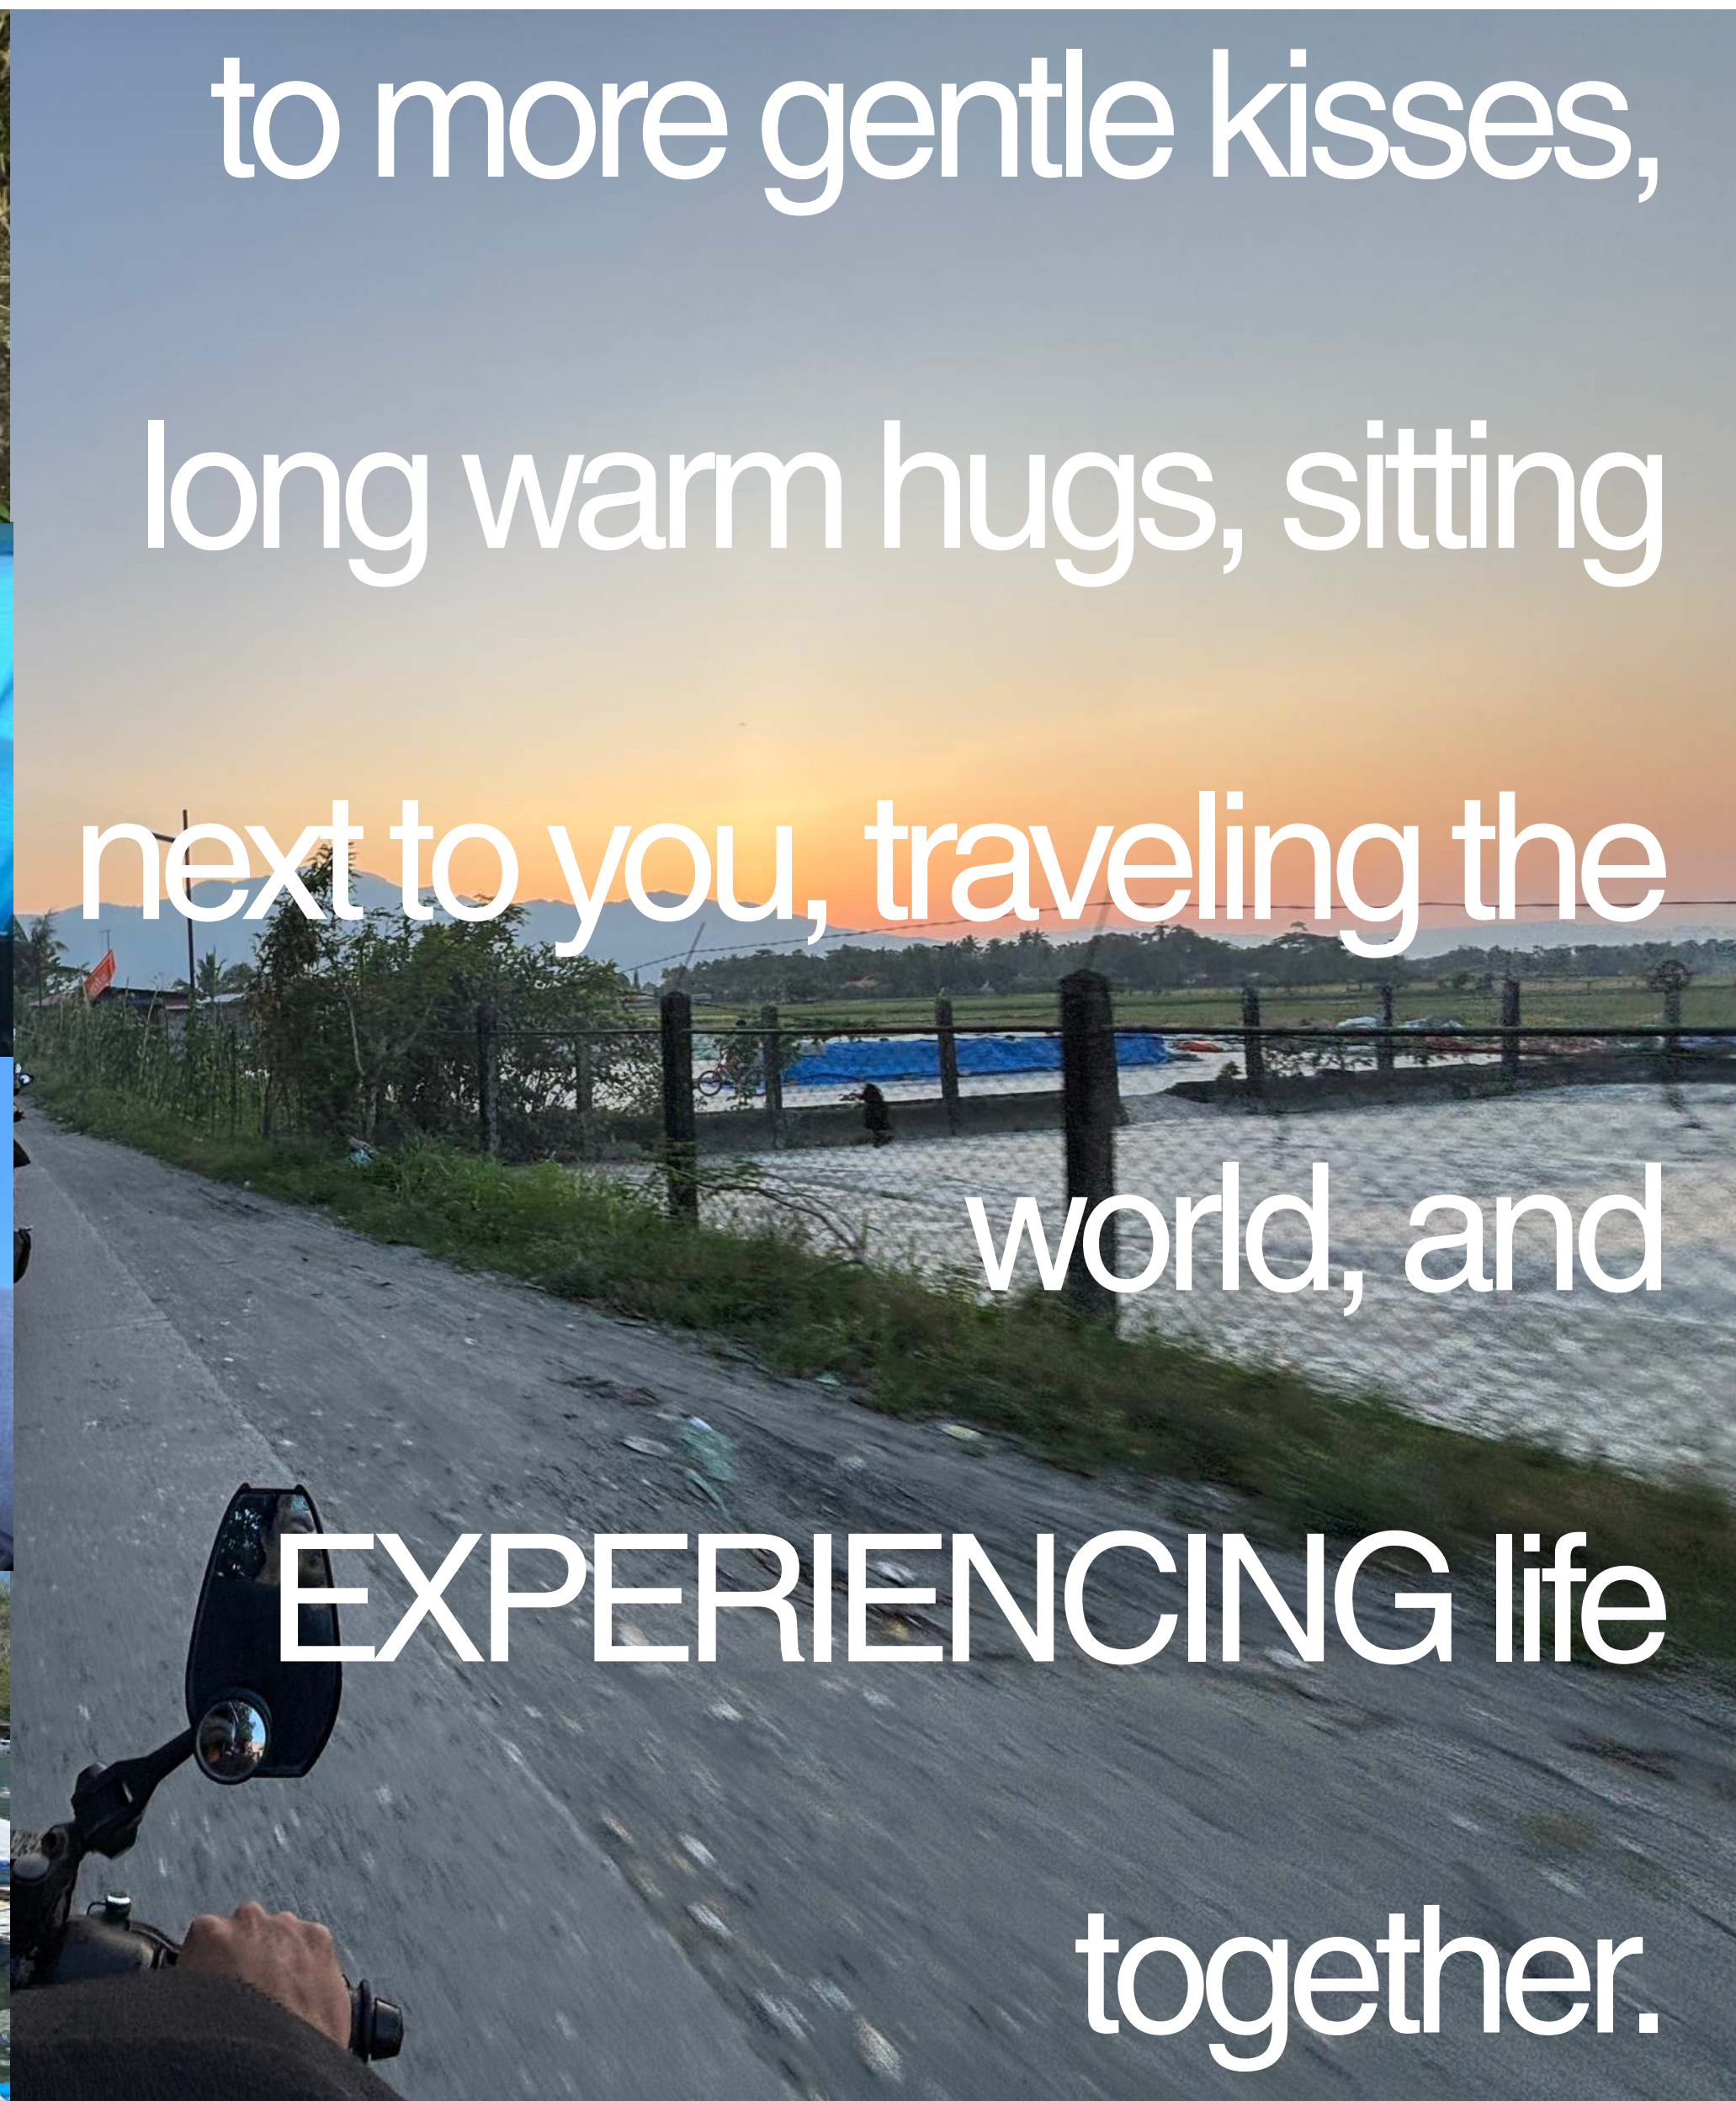

to be by your side,

forever, i'll be here

to be your best friend and so much more all at once.

to more gentle kisses,
long warm hugs, sitting
next to you, traveling the
world, and
EXPERIENCING life
together.

BIRTHDAY,
